

My journey towards the CDT

Amr Keleg

Teacher Assistant at Computer and Systems department
Faculty of Engineering, Ain Shams University

Lead of NLP team at Botit (part-time)

My journey towards the CDT

2012

2015

2016

2017

2018

2019

2020

2021

- **September 2012: Electrical Engineering - Ain Shams University**
- September 2015: Computer Engineering + Machine learning interest
- October 2015: First participation in ACM-ECPC
- June-September 2016: GSoC/GNU Octave
- July 2017: Graduated - first of my class of 238 students
- September 2017: Started MSc degree
- December 2017: ACM-ACPC (one place off ACM-ICPC)
- February 2018: Full-time Big Data Engineer - Focus on NLP
- November 2018: Started working as a teacher assistant
- December 2018: Got offers for MSc from Nottingham and Stuttgart
- June-December 2019: GSoC/Apertium (A RBMT system) + LREC paper
- December 2019: Got offers for MSc from Edinburgh, Essex and Royal Holloway
- January 2020: OSACT/SemEval shared task + OSACT paper
- June 2020: Botit - NLP engineer (part-time)
- March 2021: Botit - in process of promotion to lead the NLP team
